Alberta FR 45mm

NFPA701

Alberta FR is characterised by its flame retardant and thermal qualities. Thanks to the honeycomb structure, the non-woven 45mm fabric helps to save energy throughout the year. Alberta FR is also available in black-out. These black-outs have a silver coating on the inside for additional insulation.

fabric specifications

composition	construction	transparency	form of cell	weight (g/m ²)	thick-ness (mm)	colour fastness (ISO 105 B02)	metalized	Oeko-Tex standard 100	flame retardant	moisture resistant	pvc/halogen free
100% PES	spunlace non-woven fabric	semi-transparent	D-shape	169	0,27	4-5	no	yes	yes	yes	yes
